

Queensland Health is bringing the COVID-19 vaccine to your local area.

The vaccines are available for all people who are eligible.

Anyone aged 12 years or over can walk-in to get their vaccine. No bookings are needed.

You can bring your family and friends to get vaccinated. You can ask for an interpreter if you need one – it's free.

You can still get a free vaccine, even if you don't have a Medicare card.

Scan the QR code to see all the locations where pop-up clinics are happening.

Queensland Health pop-up clinics

Getting the COVID-19 vaccine is the best way to protect yourself, your family and your community from COVID-19.

Safe.Effective.Free.

If you need more information about the COVID-19 vaccine, head to www.covid19vaccine.qld.gov.au, or you can also call 134 COVID (13 42 68) for assistance.
