GET THE **COVID-19**
VACCINE

Safe. Effective. Free.

For employees

Prepare for a COVID Safe Future

This checklist helps workers employed in agribusinesses take steps to protect their jobs from future COVID-19 incidents, in line with with borders reopening. Protect yourself, your colleagues and communities by familiarising yourself with key dates and changes to restrictions [Queensland's COVID-19 Vaccine Plan to Unite Families](#) by implementing the following steps.

Protect yourself

- Use the Check In Qld app** – workers and visitors must check in using the [Check In Qld app](#)
- Get vaccinated** – it's safe, effective and free, and is the best way to keep businesses open.
 - [Find a vaccine clinic](#) near you today
 - [Find out about the vaccine](#), including information in your [language](#)
- Get tested** – get tested immediately if you have [COVID-19 symptoms](#) and isolate until you get a negative result
- Follow your employer's COVID safe checklist** and work health safety (WHS) plan for COVID-19 to reduce the risk of your workplace being shut down due to a positive case
 - Remember to maintain good hygiene and practice physical distancing

Help respond to a COVID-19 positive

- Follow all directions** given by Queensland Health if yourself or a colleague tests positive to COVID-19.
- Tell your employer** if you need to get a test due to COVID-19 symptoms, or have been in a COVID-19 hotspot
- Continue safe practices** – work with your employer to show that you have been adhering to the COVID safe checklist and plan.
- Stay informed** – check for updates on cases and risk sites so you know whether to get tested or isolate
